Location: 26.2 nm NNE of Ha Noi Negation Date: Cannot be negated
Status: Undetermined
Launch Facilities: No launch positions
Electronic Facilities: Possible guidance area is unrevetted, unoccupied-- heavy track activity indicates this is probably used as a driver-training area
Site Support Facilities: No buildings; no missile-hold positions
Security Measures: None
Vehicles & Equipment: 4 transporters with missiles, 1 possible missile transporter, 2 probable vans, and numerous unidentified vehicles or pieces of equipment throughout the area
Remarks: No AAA sites within 1 nm. The lack of defined launch positions, an incomplete complement of identifiable associated equipment, a figure-eight driver-training area immediately north of the suspect SAM site, and the absence of any significant change in the existing road pattern or the surrounding area since tend to indicate that the area is probably used as a training area rather than as a SAM site launch area.
